YOU WILL LOVE THIS BECAUSE

Keeps Students Engaged

Monthly seasonal topics keep writing fresh, meaningful, and relevant to students throughout the school year.

Engaging, Age-Appropriate Topics

Seasonal themes like field day, summer plans, and classroom memories keep students motivated and excited to write.

Low-Prep and Ready to Use

Everything is print-and-go, saving teachers time during a busy end-of-year schedule when energy and planning time are limited.

My passion is making learning accessible to all students. I love scaffolding learning, breaking down the concepts and building them up so that students can see the connections. I love figuring out the small components that build up to the big ideas and helping students see it all.
