ENVIRONMENT & TRAITS

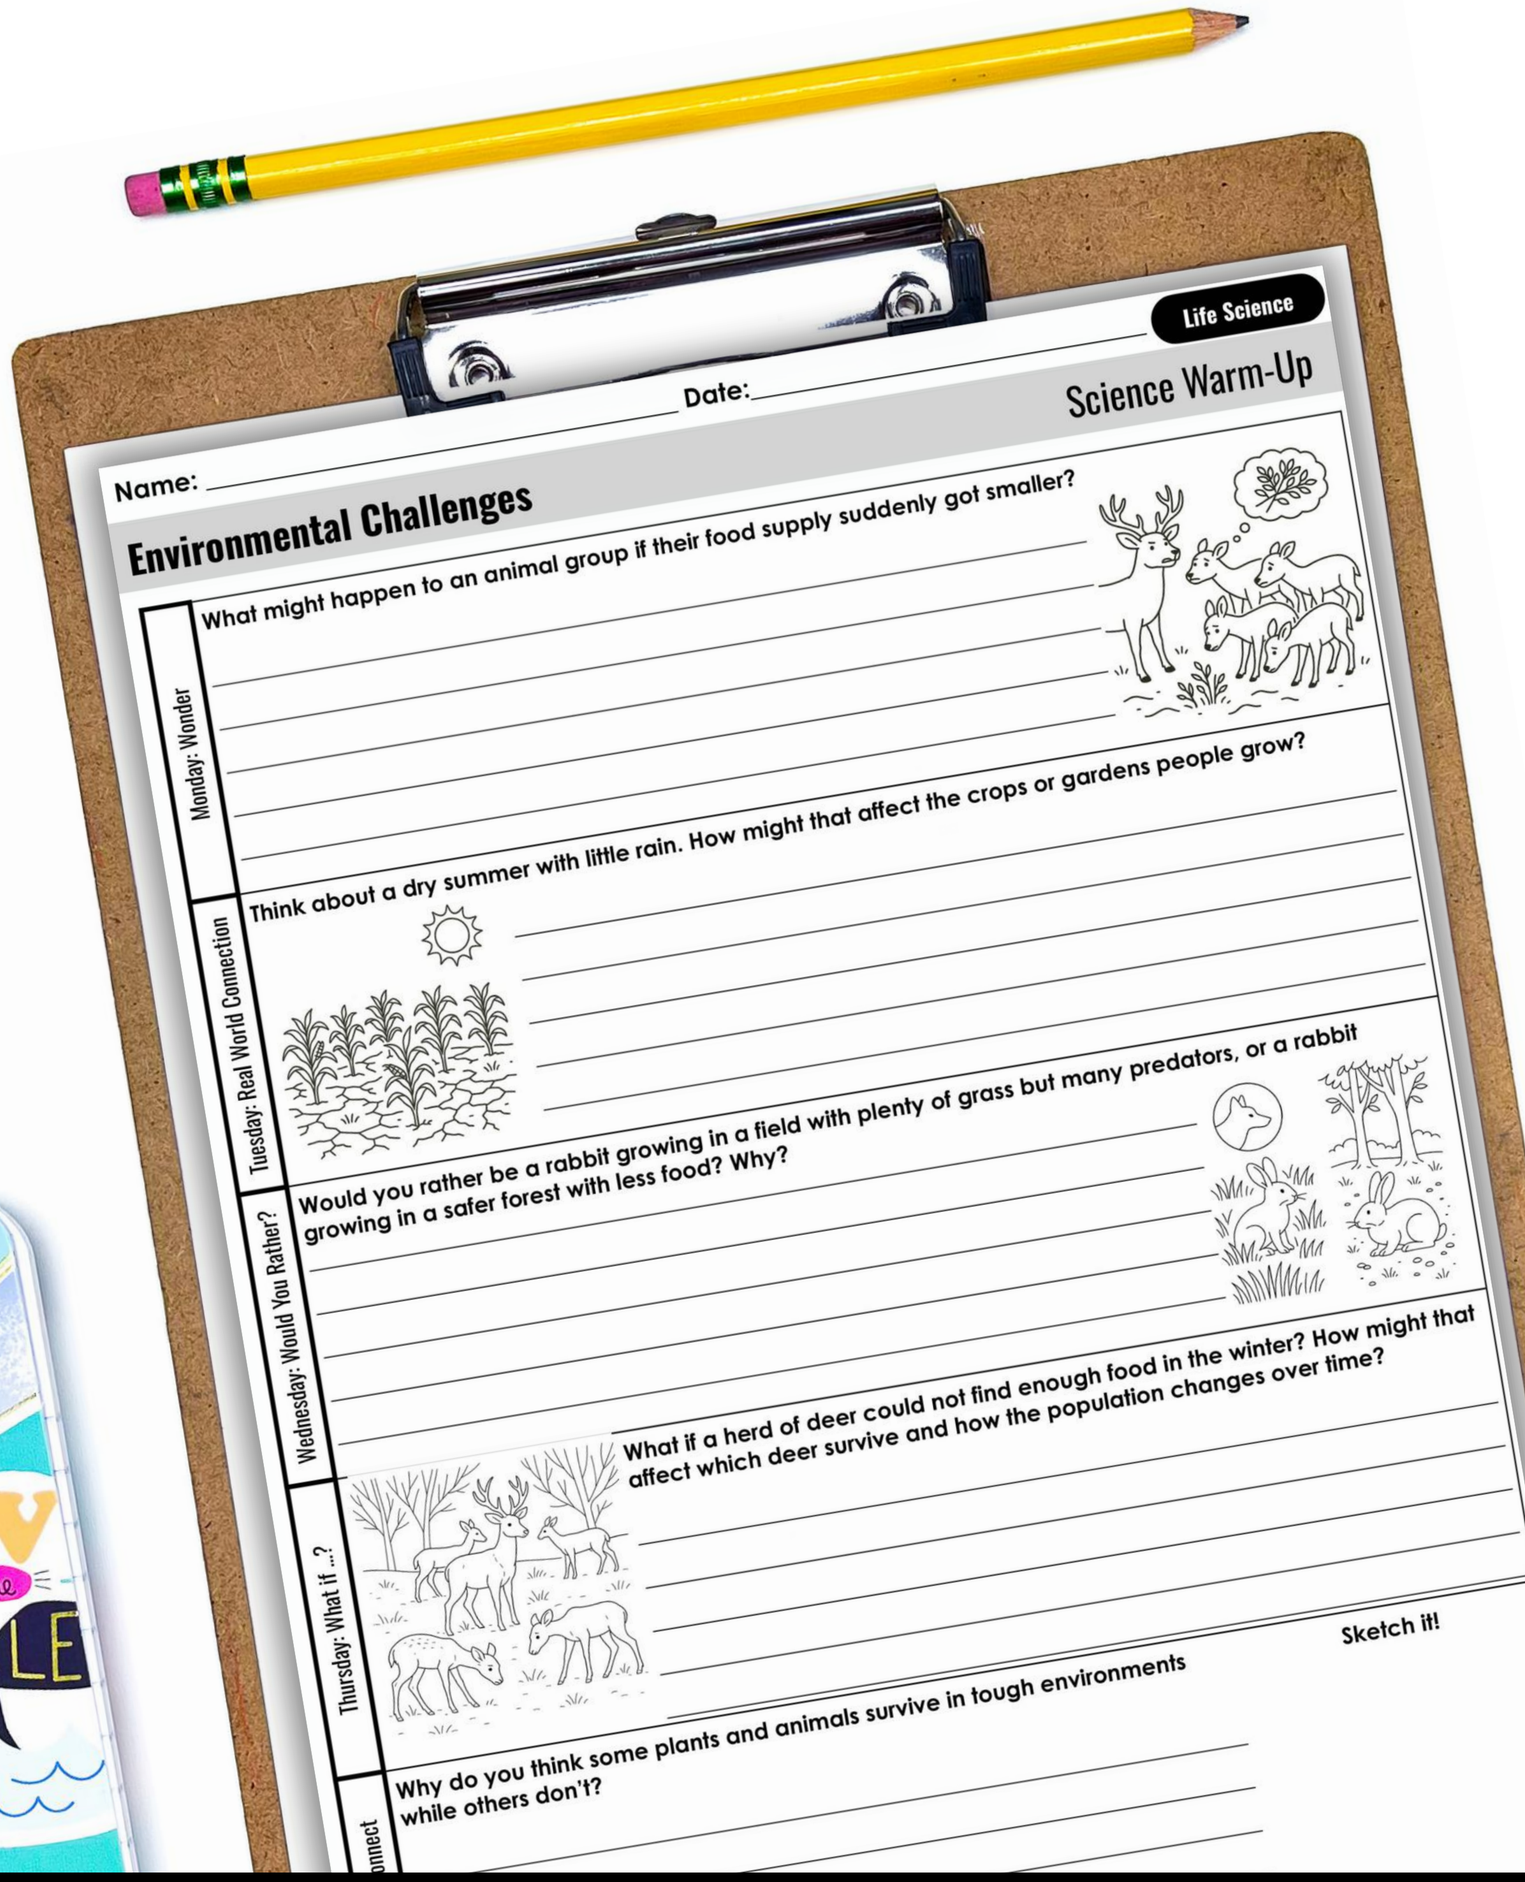

Daily Science Warm-Ups

GRADE 3 NGSS

Spark Curiosity. Build Understanding.

What's Included

✅ 4 Weeks of Prompts

✅ Real-World Connections

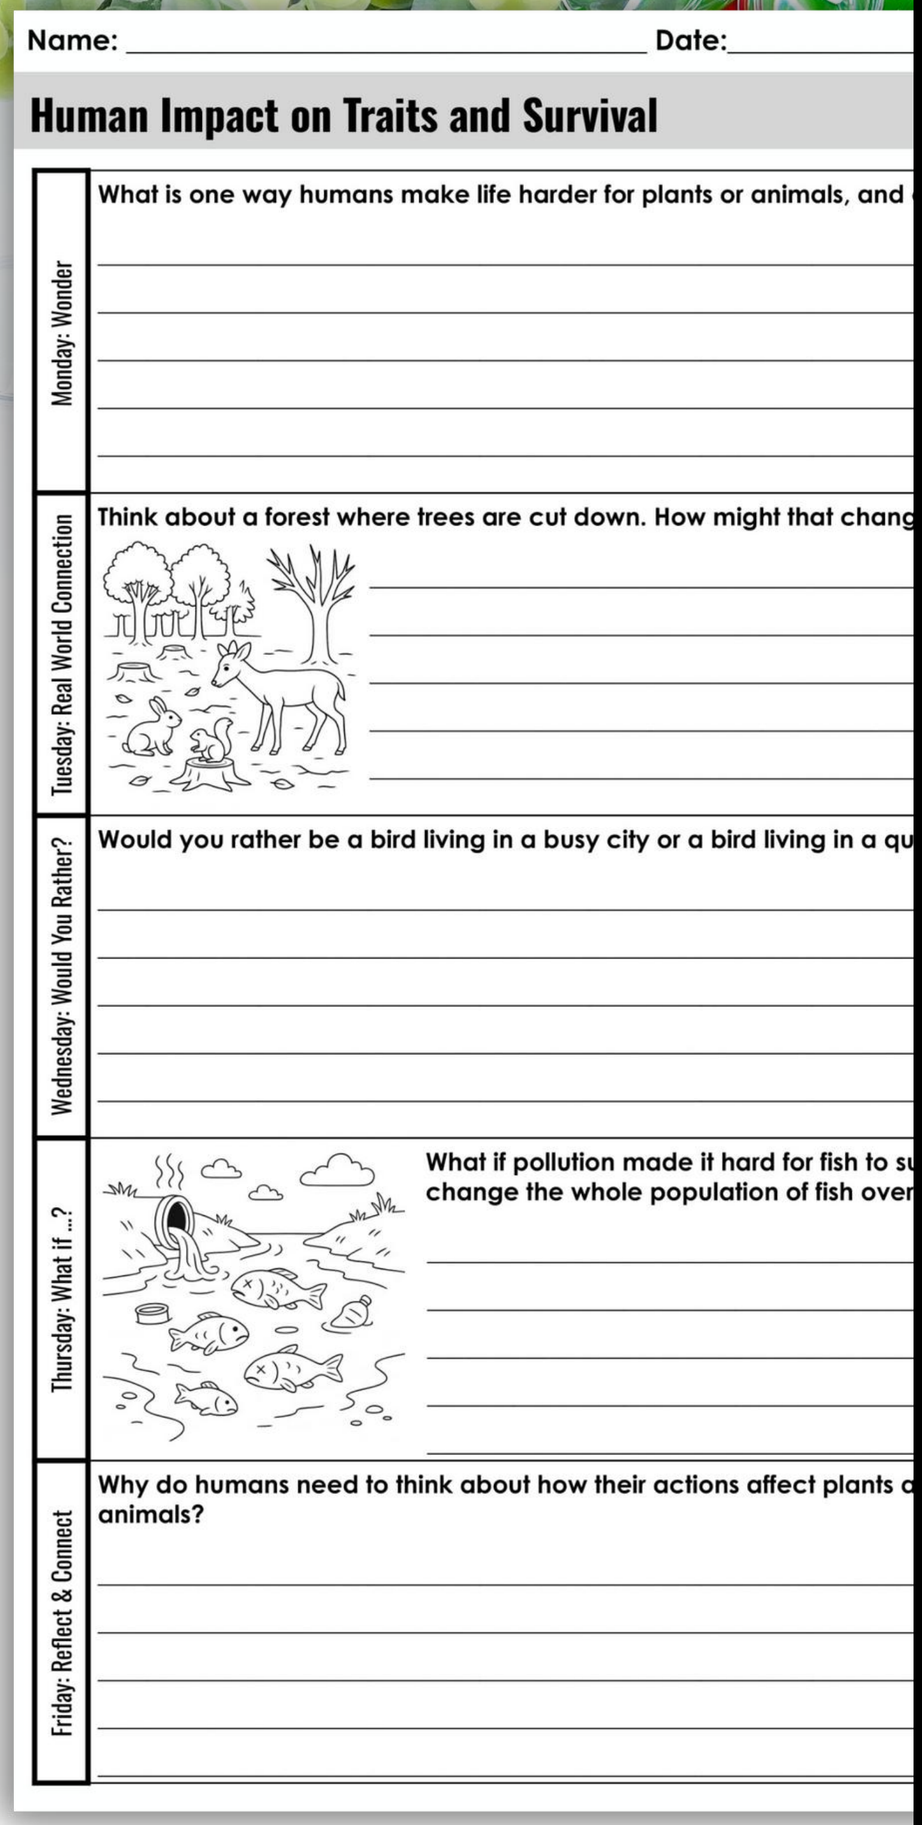

✅ Science + Writing Integration

Week at a Glance

- Monday – Wonder Question
- Tuesday – Real-World Connection
- Wednesday – Would You Rather?
- Thursday – What If…?
- Friday – Reflect & Connect

Name: _____ Date: _____

Human Impact on Traits and Survival

Monday: Wonder

What is one way humans make life harder for plants or animals, and

Tuesday: Real World Connection

Think about a forest where trees are cut down. How might that chang

Wednesday: Would You Rather?

Would you rather be a bird living in a busy city or a bird living in a qu

Thursday: What if ...?

What if pollution made it hard for fish to su
change the whole population of fish over

Friday: Reflect & Connect

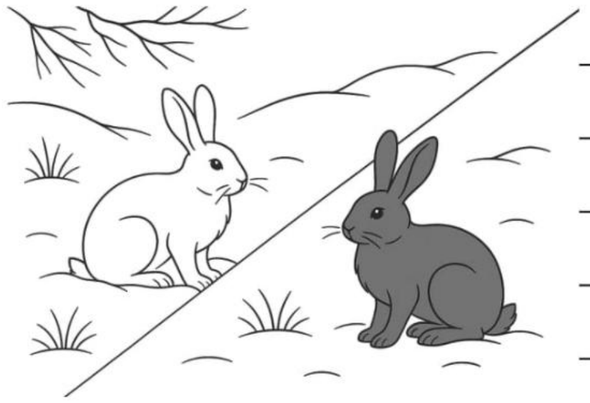

Why do humans need to think about how their actions affect plants a
animals?

Consistent M–F Structure Builds Routine and Understanding

Real Student Thinking

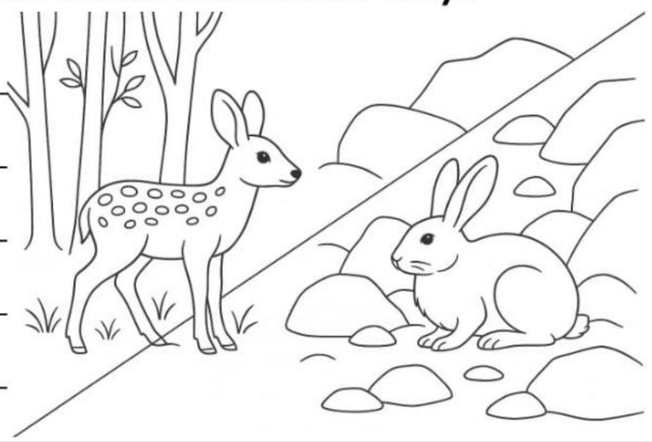

Tuesday: Real World Connection

Think about a rabbit in the snow. Why might white fur help it survive better than brown fur?

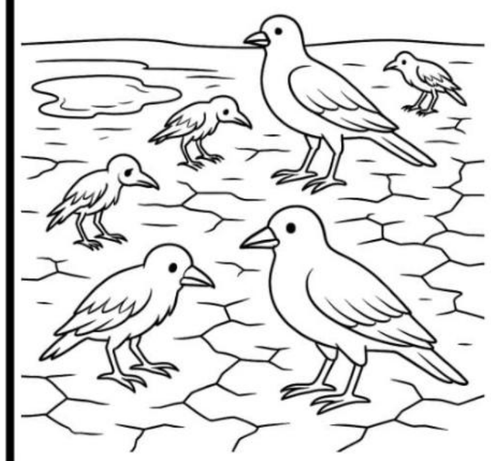

Wednesday: Would You Rather?

Would you rather be an animal that can blend into trees or one that can blend into rocks? Why?

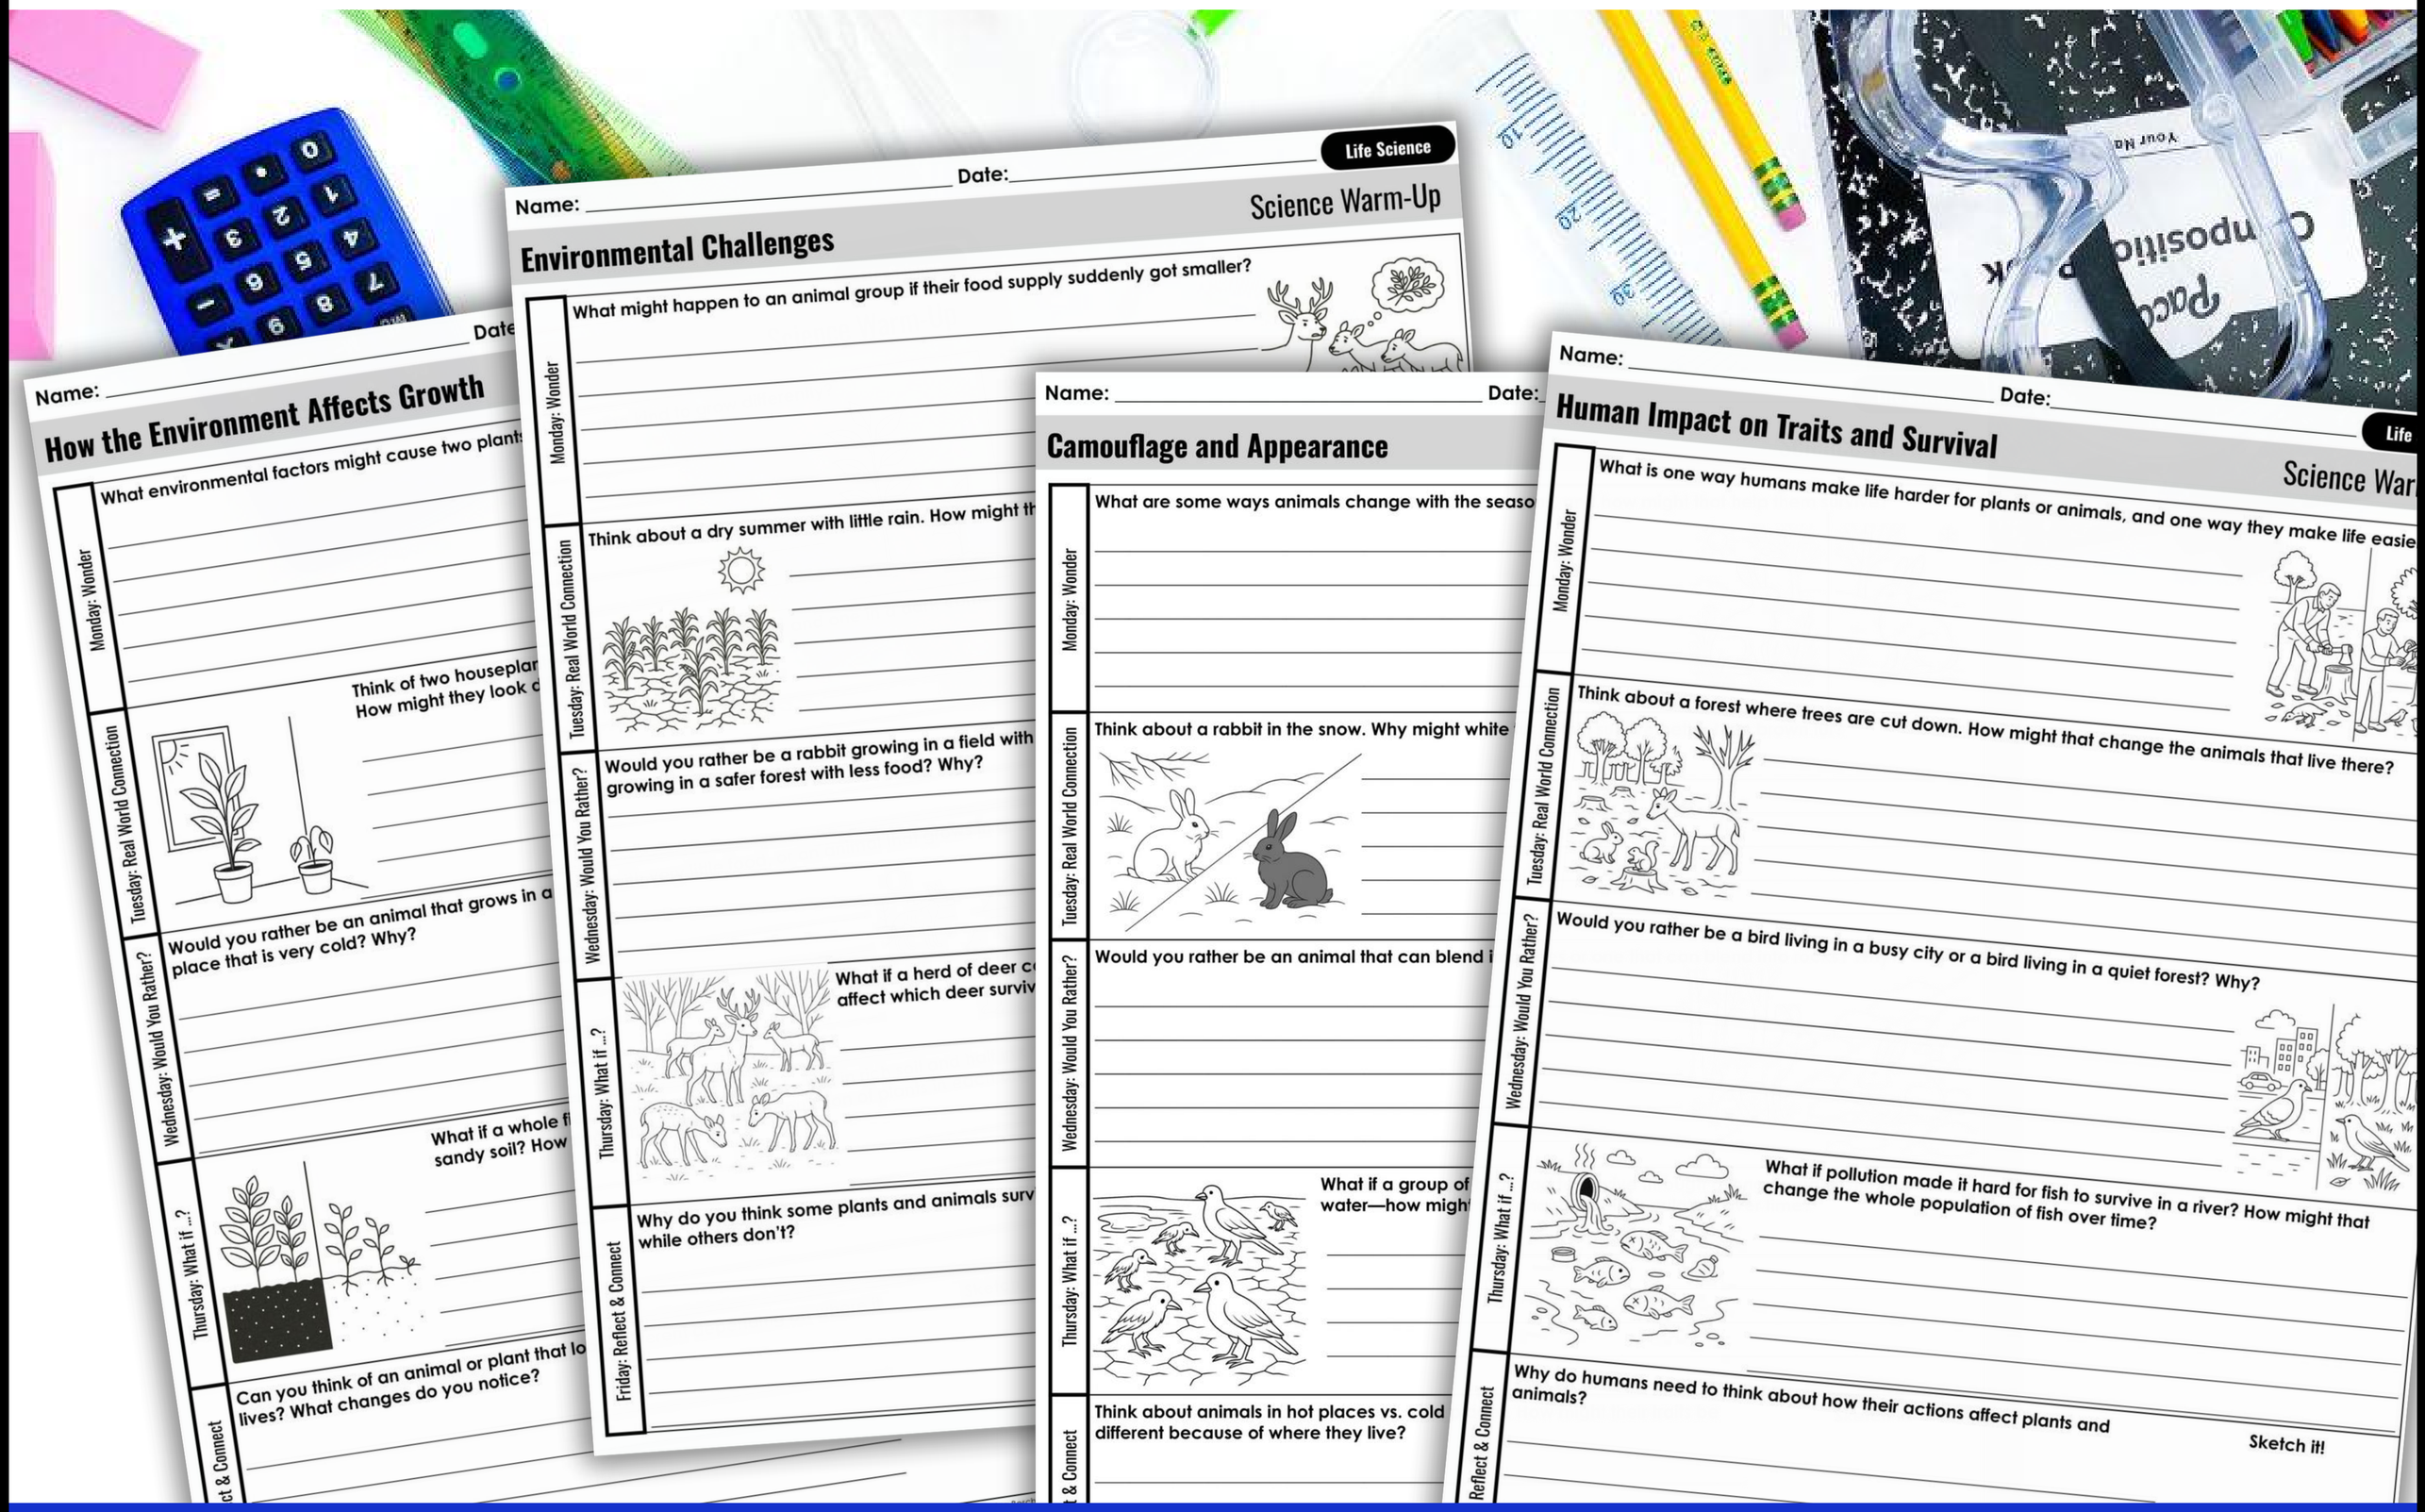

Thursday: What if ...?

What if a group of birds had to survive through a long drought with very little water—how might that change their population over time?

Encourages Explanation, Reflection, & Real-World Connection

Flexible Uses

Perfect for Warm-Ups, Journals, Exit Tickets, or Small Groups!

My passion is making learning accessible to all students. I love scaffolding learning, breaking down the concepts and building them up so that students can see the connections. I love figuring out the small components that build up to the big ideas and helping students see it all.
