Student-Friendly & Engaging

Seasonal picture prompts capture attention and make writing meaningful. Students connect what they see to what they write, encouraging creativity and confidence.

Flexible for Any Classroom

Use for morning work, writing centers, grammar mini-lessons, or quick homework practice. Perfect for scaffolding writing skills and building independence.

My passion is making learning accessible to all students. I love scaffolding learning, breaking down the concepts and building them up so that students can see the connections. I love figuring out the small components that build up to the big ideas and helping students see it all.
