
and
Decodable Sight Words
Blending
cards

Teacher Notes

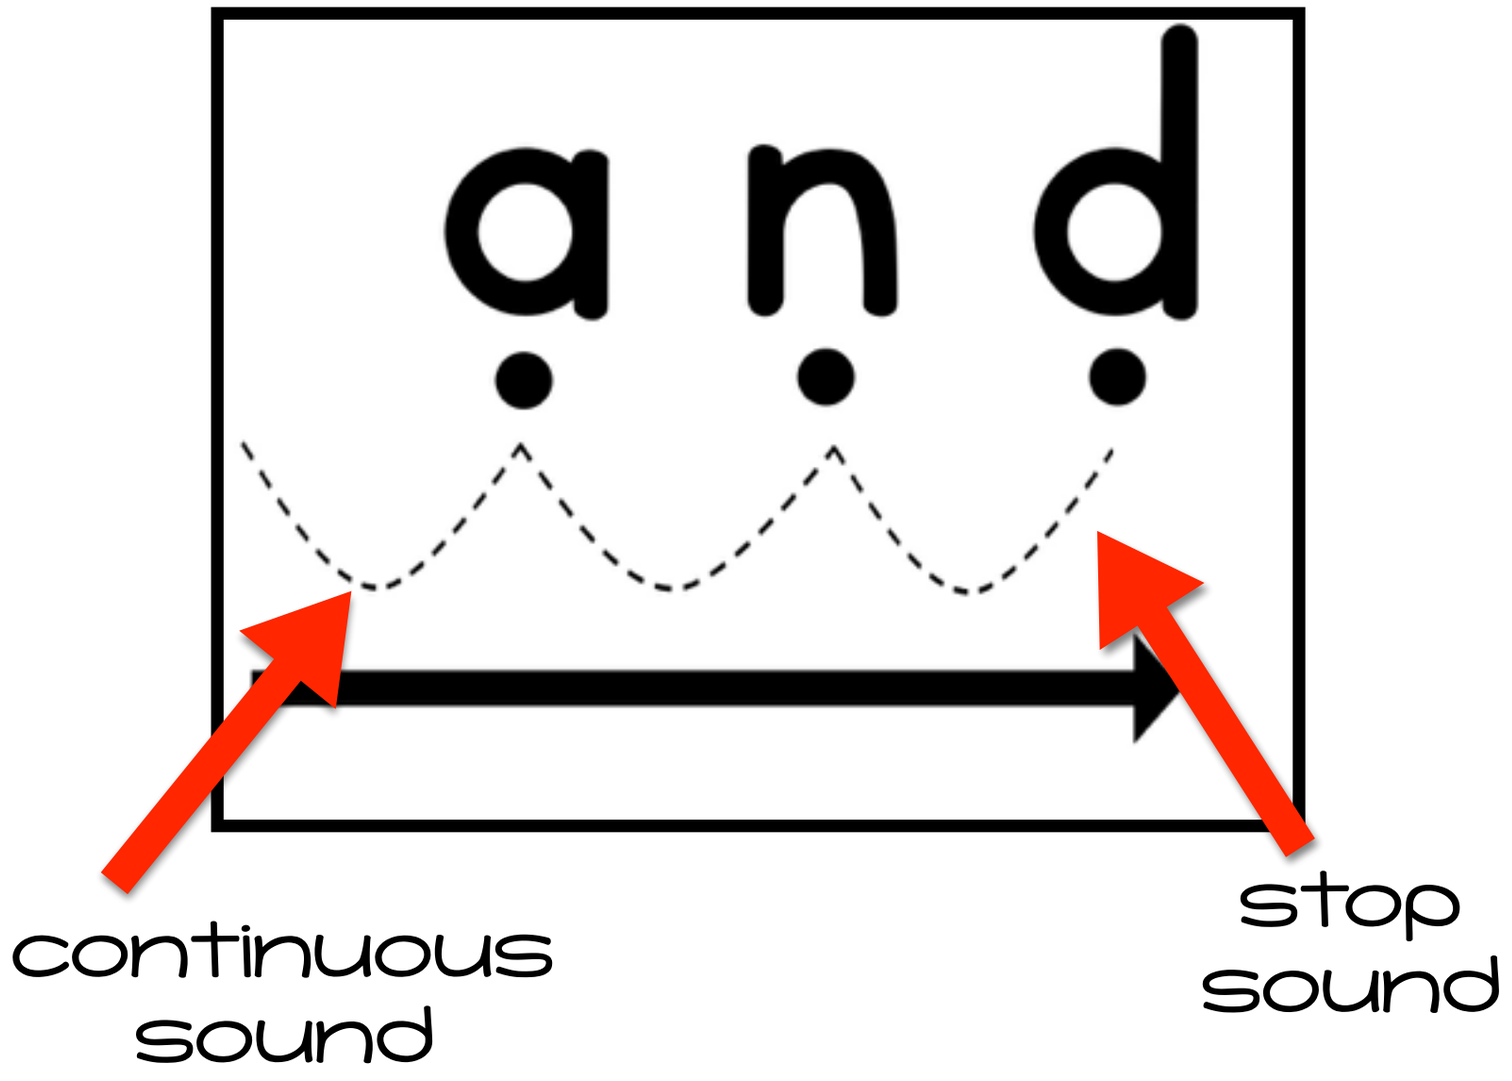

The cards in this packet are <u>decodable sight words</u> common for Kindergarten and First Grade reading. I have only included sight words that are decodable with common phonics patterns. I have included words with the schwa sound, as it is a decodable and regular sound pattern. Even if the phonics pattern isn't traditionally taught in Kindergarten or First Grade, I have still included the word because it is decodable. Letters in digraphs are slightly closer together since they make one sound.

The cards are set up so that students:
1. say the sounds (segmented)
2. blend the sounds
3. say it fast

If the beginning and ending sounds are <u>continuous sounds</u>, the blending dotted lines start and end <u>before and after</u> the letter to show it's a continuous sound.

If it's a <u>stop sound</u>, the blending line starts and stops <u>at that sound</u>. When teaching students to <u>blend the sounds</u>, emphasize the continuous flow of the sounds. Stop sounds will be quickly blended with vowel sound next to them.

Printing

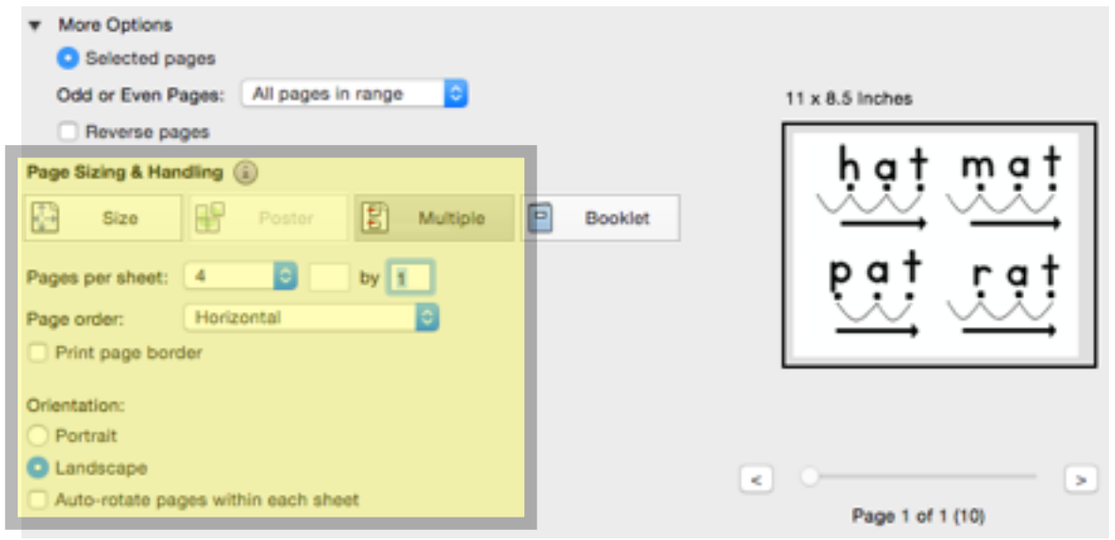

All the cards are created full-page to use whole class. Print on card stock or post them on your board to create a hard surface. Laminate for durability.

You can also print the cards four to a page, hole punch, and place them on a ring or use them in an interactive notebook. The smaller size is great for small groups or individual students.
