Number Puzzles

Jessica Boschen· What I Have Learned

Time 5-minutes Number Puzzles

These time to 5-minutes Number Puzzles help students match digital and analog clocks along with the word form. There are a variety of time to the 5-minutes in 36 puzzles..

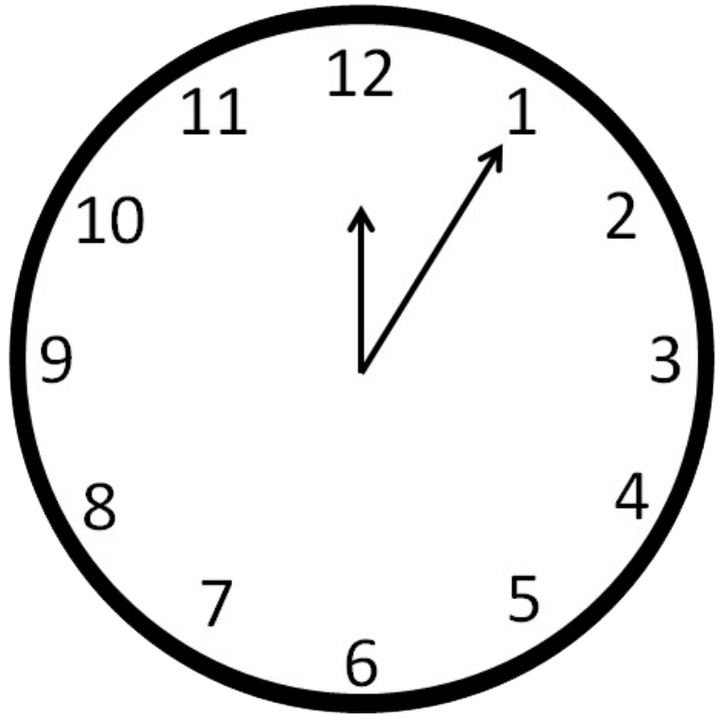

To assemble:

Print on colored paper, laminate and cut apart.

How to use:

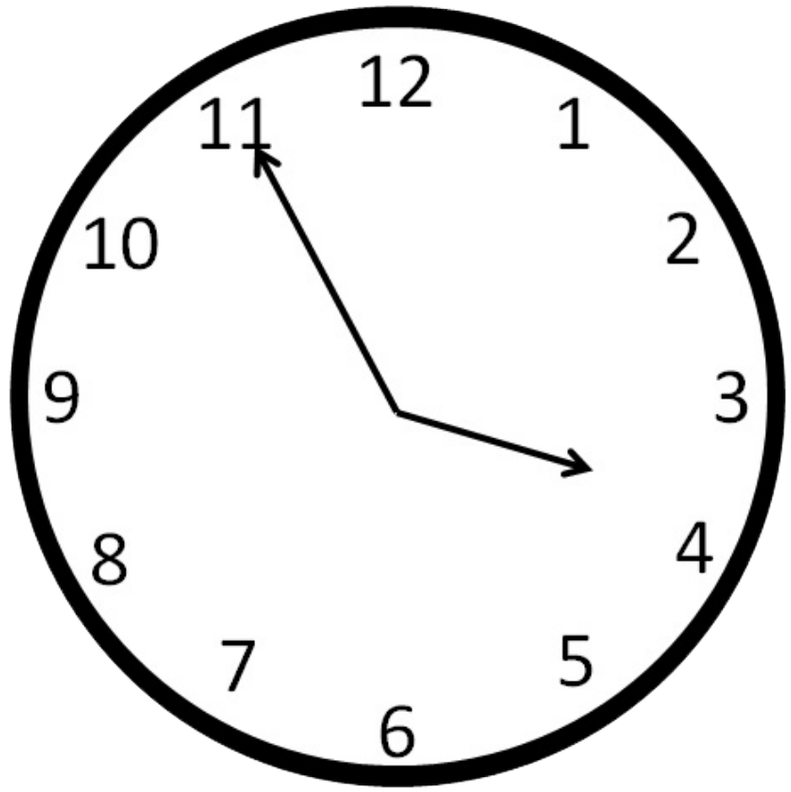

Students can put together all four pieces of the puzzle or only match certain pieces at a time, depending on the form on which you want them to focus.
