* Blending cues for NG and NK words are not included. NG and NK are generally taught as a chunk together with the vowel. We have chosen to focus on the onset and rime relationship for NG and NK words, where we have previously focused on segmenting and blending.
* A few of the missing number worksheets, while appropriate for the CVC Short Vowels or Digraphs, are too easy and repetitive for higher phonics patterns. They have been removed, but we have kept the same number sequence.
* At previous levels, we included 4-word sentences. This level has 4-7 word sentences.
