Important Thing

The important thing about

Gray Wolves

is that they hunt in packs of 4-7 wolves. This allows the wolf to hunt animals much larger than itself.

Quick Information

Lives in: Alaska & Canada

Eats: large prey elk, moose, caribou

Adaptations: double-layer fur coat

Predators: hunting and habitat destruction by humans

Reflection

Gray Wolves are very complex and powerful creatures. I'm disappointed to find out that hunting and habitat destruction by humans is their largest threat.

I was surprised by

The wolf babies/ "pups" are born deaf and blind.

My Animal Report

Gray Wolf

Gray Wolf

it is the largest relative of the dog.

gray wolf

it hunts for food and travels

It can have fur that is gray, black, white or brown.

The gray wolf hunts in a pack with 4-7 wolves. The pack is like a family.

Females give birth to 4-6 babies called pups. The babies stay with the mom for 10 months.

People are their biggest threat.

Gray Wolves

we need to help their habitat from disappearing so they don't die off.

WAYS TO USE IN THE CLASSROOM

Choose an Animal- Students select an animal to research.

Research the Topic- Students gather information from books, articles, or videos.

Take Notes- Use graphic organizers to record key facts.

Write the Report- Students complete scaffolded report pages.

Create Final Project- Choose from booklets, posters, trifolds, or lap books.

Use Digital Options- Assign digital tools for easy classroom use.

YOU WILL LOVE THIS BECAUSE

Supports the Entire Writing Process

This resource guides students from research to final draft, helping them build confidence in informational writing and report organization.

Highly Differentiated for All Grade Levels

With multiple formats and scaffolded options, teachers can easily adapt the resource for students in grades 2 through 5.

Saves Teachers Time

With ready-to-use organizers, report pages, rubrics, and checklists, this resource makes it easy to implement a complete research project with minimal prep.

TEACHERS LOVE IT!

"This is amazing for animal reports! We are working on indigenizing our curriculum at my tribal school and these graphic organizers are perfect for our animal reports! Thank you so much "

Carissa H.

"I loved this project, and so did my students. I really appreciated that there were multiple different presentation methods to choose from - I chose the folder option, and it was a hit with my students. "

My passion is making learning accessible to all students. I love scaffolding learning, breaking down the concepts and building them up so that students can see the connections. I love figuring out the small components that build up to the big ideas and helping students see it all.
