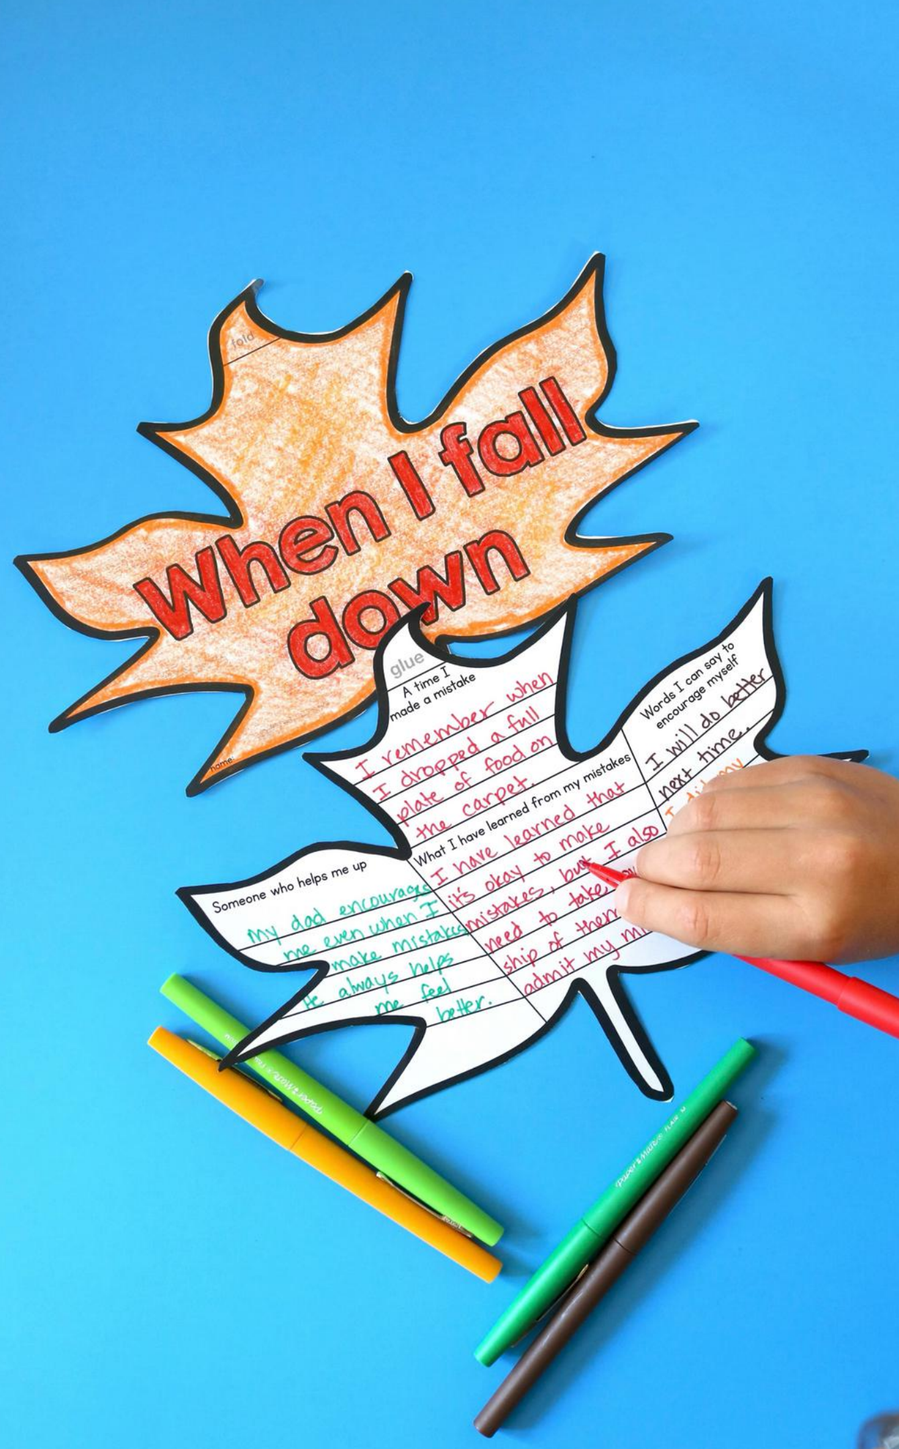

GRAPHIC ORGANIZER

HOW TO USE IT IN THE CLASSROOM

- **Reflect** – Discuss mistakes and how we learn from them
- **Write or Draw** – Students respond with words or pictures
- **Create** – Assemble leaf craft with choice of covers
- **Display** – Hang on a class bulletin board or tree
- **Celebrate** – Reinforce SEL and growth mindset all season long

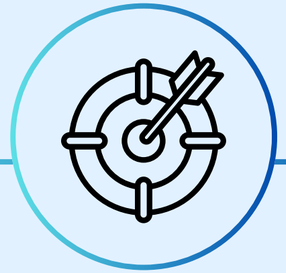

WHY TEACHERS LOVE IT

Builds Growth Mindset in a Creative Way

Encourages students to view mistakes as part of learning through writing and art.

Perfect for SEL Lessons in Fall

Pairs well with back-to-school themes, character education, or reflection activities.

Simple, Meaningful, and Flexible

Just print, copy, and go! Works for writing, drawing, or both.

TEACHERS LOVE IT!

This was a great craft to use to that I paired with the story After the Fall. It helped my kids make connections to understand that sometimes, things can be scary, but if we try we can still succeed.

Lindsey D.

This was exactly what I needed—well thought out and useful! My students' parents also appreciated the focus on growth mindset.

Laura B.
