October & Halloween Stories

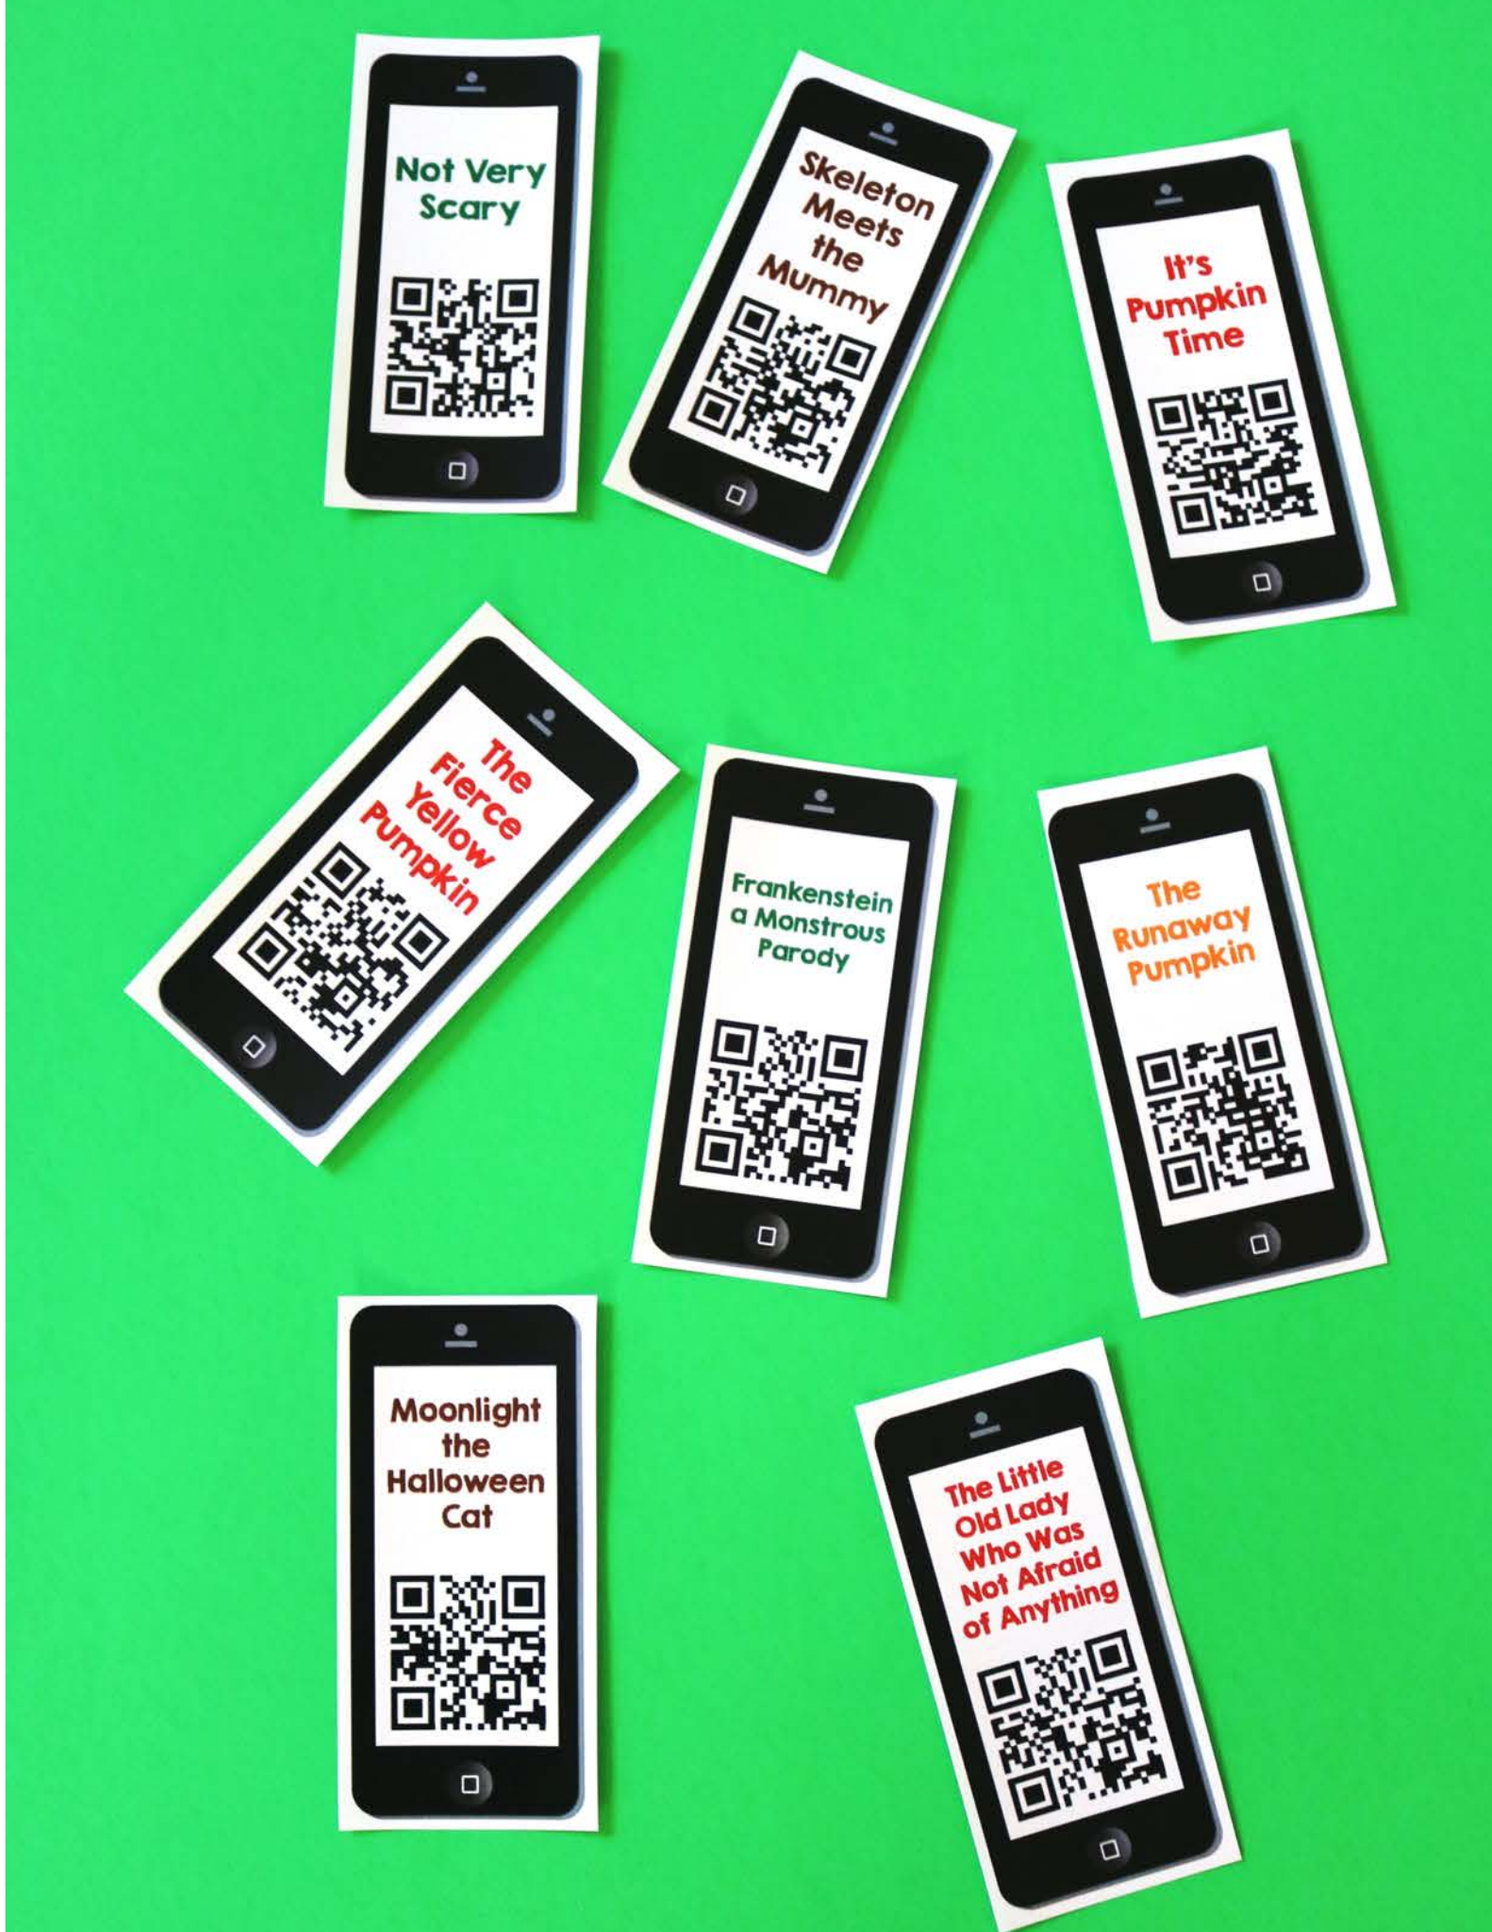

Teacher Notes

The following QR Codes lead students to videos where popular books are read aloud. Use the QR codes as a listening center during reading centers or to help students access higher level texts.

All of the videos are books read aloud. Not all of the videos have the text of the book included to read aloud. Students will benefit from having a copy of the book to follow along. None of the videos are animations.

Videos come in two formats: YouTube and SafeYouTube. SafeYouTube does not have ads or other videos. Be sure that you can access YouTube or SafeYouTube videos at school and on student devices.
