YOU WILL LOVE THIS BECAUSE

Perfect Science and ELA Integration

Students read, write, sort, and research while learning about animal adaptations and habitats in cold environments.

Saves Time With Consistent Layouts

Every animal follows the same structure, making planning simple and allowing teachers to focus on instruction, not prep.

Supports All Learners With Built-In Scaffolds

Vocabulary cards, fact sorts, and note-taking organizers help struggling readers and writers access complex information.

TEACHERS LOVE IT!

This was a great resource for helping my students gather information to help in writing their informational report about penguins.

Daniel E.

...I love how in the future if I taught older grades I could utilize the graphic organizers as literacy centers. Really great product. Well worth my money.

My passion is making learning accessible to all students. I love scaffolding learning, breaking down the concepts and building them up so that students can see the connections. I love figuring out the small components that build up to the big ideas and helping students see it all.
