WORD LIST INCLUDED

VCE Words Partner Games Word List

These partner games move through a set of VCE words. Also included are long vowels with O and I, such as ild, old, olt, etc. The words in this resources are broken up into the groups below. Sentences within each section assume that students have learned the words from the previous section. Sentences beyond also assume that students are able to read CVC words, blends, digraphs, and VCE words. The listed CVC words are included in the games and used as distractors.

How to Play

1. Each player chooses a different color. One player will create a pathway from one black dot to the other black dot and the other player from one white dot to the other white dot. Each player gets to choose where to start, at the top or bottom.
2. Player one reads a word and colors a square. The goal is to make a pathway across the board first. Players switch back and forth, reading words, coloring boxes, and making the pathway, following the RULES.
3. RULES: The squares you color must share a side, not only a corner. You cannot cross the other player's pathway.
4. The first player to get to the other side wins.

READ WORDS TO FIND YOUR WAY ACROSS!

COLOR MAZE

YOU WILL LOVE THIS BECAUSE

Makes CVCE Practice Fun & Interactive

Students love decoding long vowel words through engaging games.

Ideal for Literacy Centers or RTI

Great for small-group, partner work, or independent reading rotations.

Easy to Prep, Endless Replay

Multiple boards with new word arrangements mean students can play again and again without boredom.

TEACHERS LOVE IT!

"This is a great resource. I used this to give my students extra practice to go along with UFLI lessons."

Tara R.

My students LOVED these partner games. There is nothing better than engaging in play while also further developing our understanding of concepts.

Cindy L.

My passion is making learning accessible to all students. I love scaffolding learning, breaking down the concepts and building them up so that students can see the connections. I love figuring out the small components that build up to the big ideas and helping students see it all.
