* Words do not have blending cues at this level. If students are working on Long Vowel Teams, they should have mastered consonants, digraphs, and blends, as well as the skills of blending, segmenting, and reading a word. Instead of blending cues, there is more space around the vowel team to emphasize it. If students cannot blend, segment and read words without blending cues, consider reviewing those skills outside of these worksheets.
* This set does include some Short CVC words mixed in with the long vowel teams.
* A few of the missing worksheets, while appropriate for the CVC Short Vowels, Digraphs, or VCE, are too easy and repetitive for the higher phonics patterns. They have been removed. Some worksheets have also been revised to increase their complexity.
* Worksheet #11 has two versions: One version has shaded words to help students match the word and picture. The other version does not have shaded words.

Long Vowel Teams - IGH & IE Words

The following words are included on the worksheets in this product. Worksheets with sentences will have previously taught words included in the sentences. Short vowel words are used as distractors and are sprinkled throughout the worksheets. Also included are short I words, as distractors. Sight words are used within sentences only.
