    - **(two sets of visual cues)**
- **2 levels of play: Minuends 2–10 and 11–19**
- **Sentence frames for structured math talk**
- **Recording sheets in color + grayscale**
- **Optional number cards for flexible play**

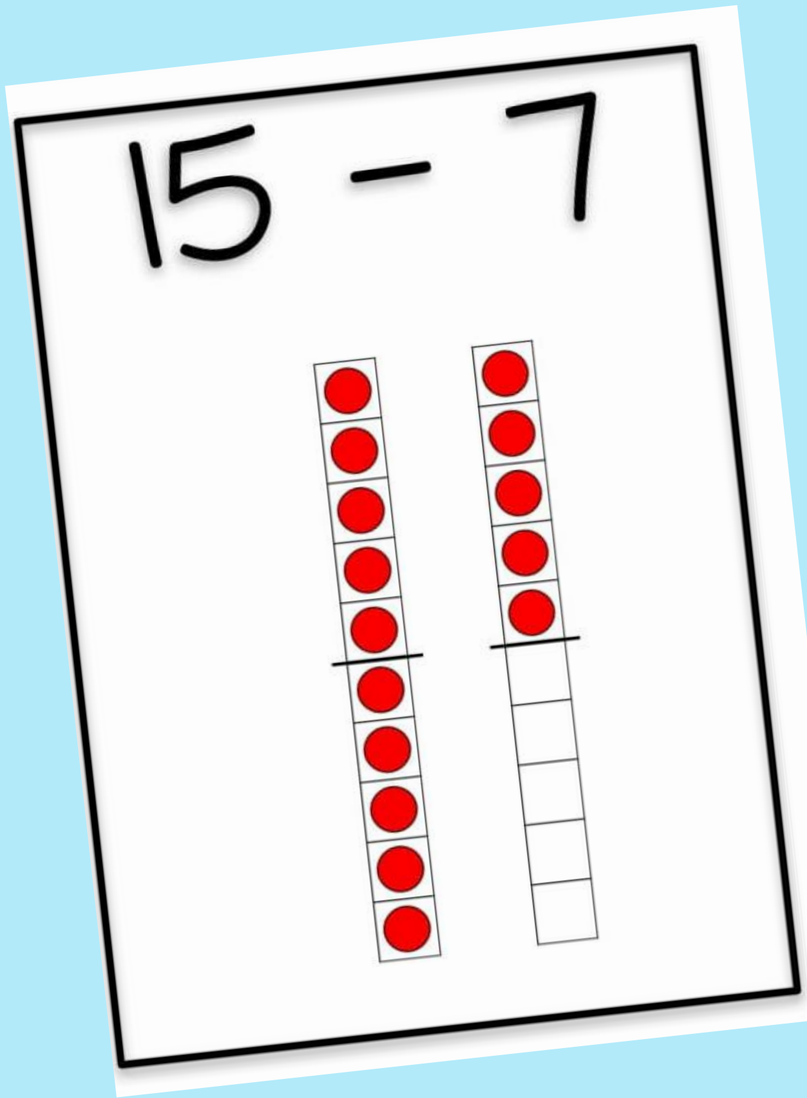

Do you have a card that equals _____?

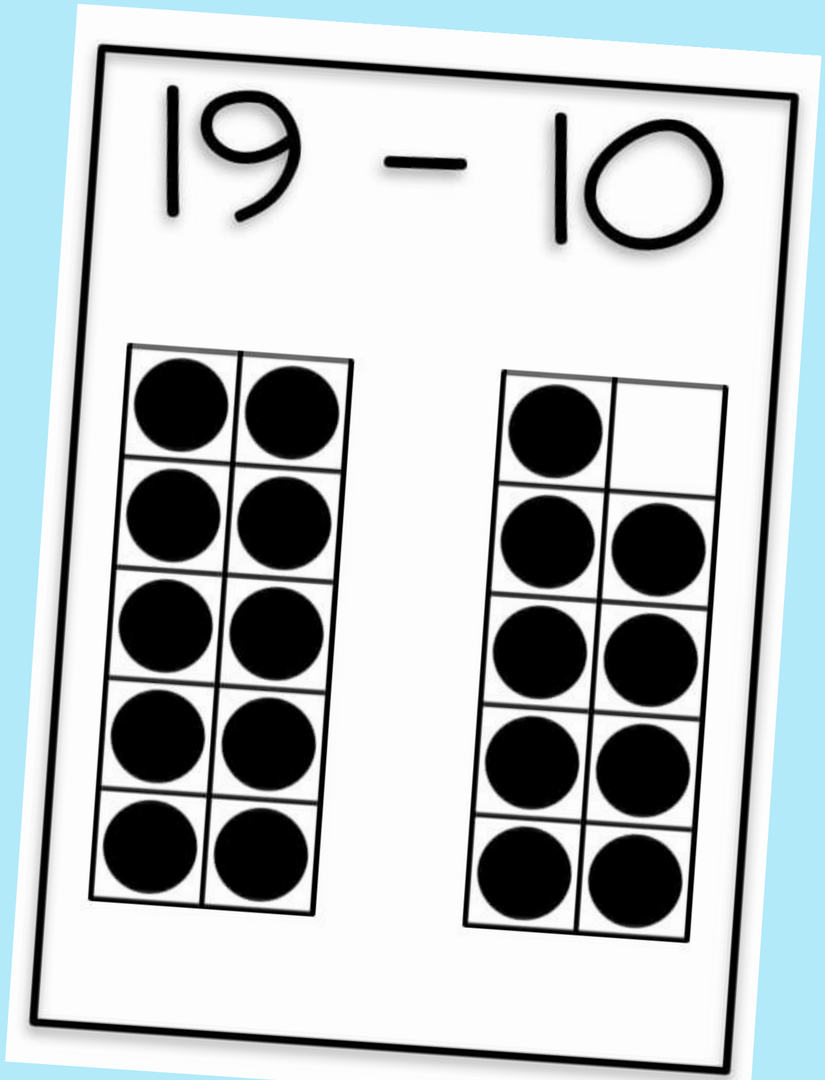

Yes, I have _____ - _____. Here you go.

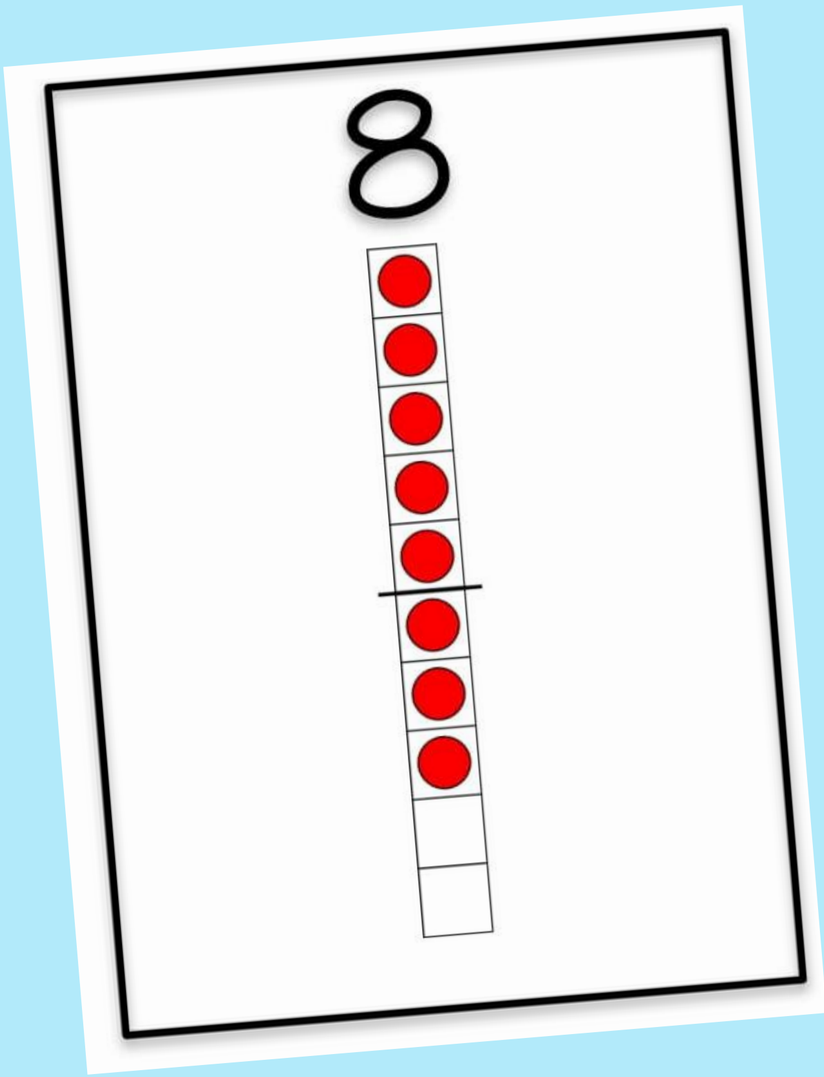

No, I don't have a card that equals ___. Go fish!

- **Supports Fact Fluency Within 20**
- **Builds Math Vocabulary**
- **Encourages Strategic Thinking**

Visual supports help students connect subtraction facts to quantities.

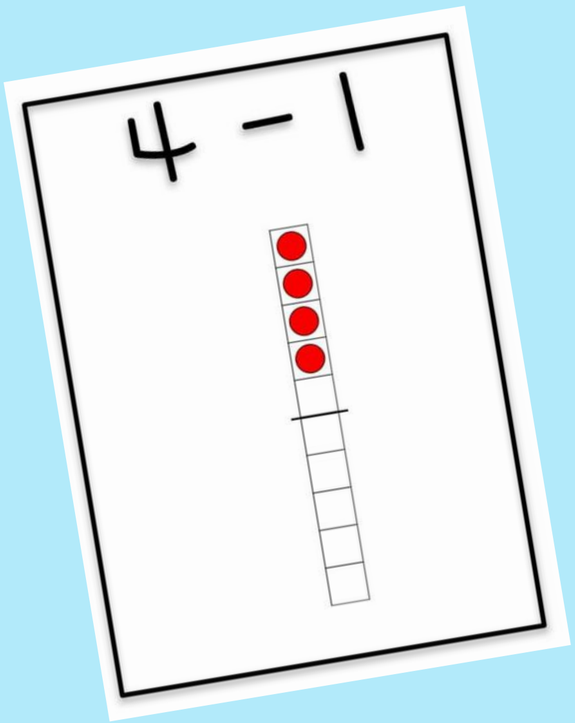

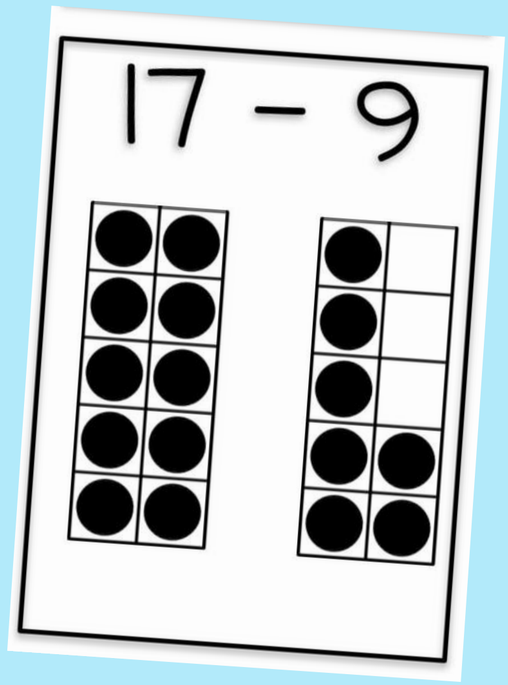

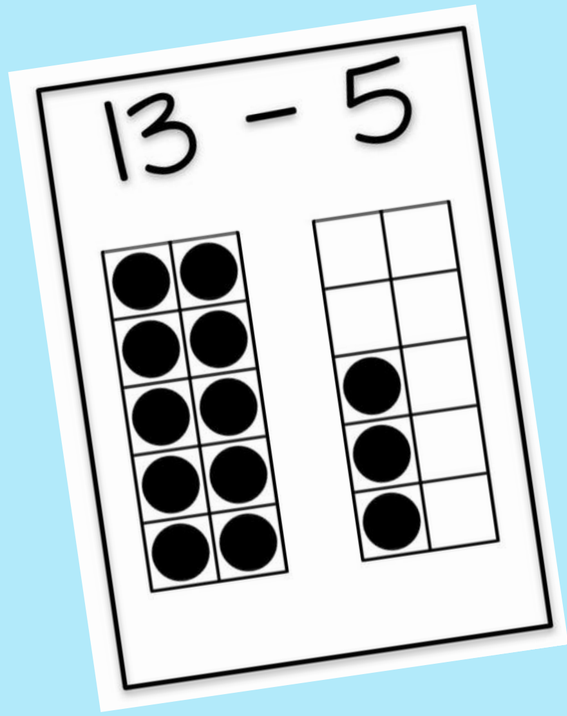

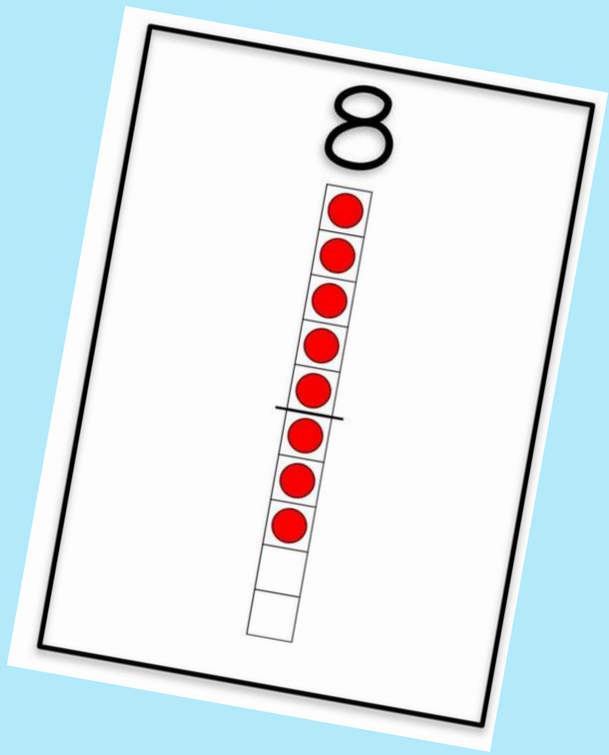

Differentiation Tips

- **Use only differences 1–5 to start**
- **Print 2 games: Level A (2–10) and Level B (11–19)**
- **Mix cards for a challenge**
- **Use number cards for expression-matching variation**

My passion is making learning accessible to all students. I love scaffolding learning, breaking down the concepts and building them up so that students can see the connections. I love figuring out the small components that build up to the big ideas and helping students see it all.
